GENUINE  
PARTS

The arrival of your new car is a happy occasion, and the last thing we wish to do is to spoil it by mentioning BMC Genuine Parts and Exchange Units, since you are not likely to need either for a long time. Please permit us one word of advice, however—when the time does come, insist on factory-supplied materials, and remember that the BMC Exchange Unit scheme covers everything from instruments to engines.

The issue of this publication does not constitute an offer, and the right is reserved to alter prices and/or specifications at any time without notice. Sales are made subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer by agreement with the appropriate subsidiary of The British Motor Corporation Limited
