EQUINOX

ONE AND ONLY

Mini's stylists have
never been short of
bright ideas.

Ever since it first drove jauntily down the road, Mini has appeared in countless different forms. Just when you thought Mini's stylists must be running out of ideas by now, they've done it again.

Nothing under the
sun (or moon and
stars) is as special
as this Mini.

The Mini Equinox. The height of cool sophistication. Dressed in Amaranth, a stunning pearlescent paint.

You can also choose Charcoal Grey or Platinum Silver. Each colour wonderfully suits the Mini's curvaceous little body. And co-ordinates neatly with the magical Sun, Moon and Stars theme inside.

Just as well that an anti-theft alarm with passive engine immobilisation is standard. Others may admire, but not touch your Mini.

A style as unique
as your own.

Drive a Mini
and you can't
help smiling.
